For info:

(S) [REDACTED]

In any event, we want the DCI and the Director to have the same facts.

Inasmuch as the Congressional team has extensive documentation from the Pentbom team and San Diego on all the issues raised in this paper, I suggest that [REDACTED] Pentbom get with [REDACTED] to correct any inconsistencies.

I will be on leave tomorrow, but will leave a package of information with [REDACTED]

Thanks [REDACTED]

[redacted] I had asked [redacted] for a copy electronically and he said he would bring a hard copy by (which he did). I have a hard copy set aside for you if you want it. I had wanted it electronically so I could send to the SD case agent to get her perspective on it. Our scanner is inoperative so it was re-typed and it is now attached.

(S) [redacted]

I also attached an e-mail which further describes the dialogue surrounding the document.

[redacted] As we are putting together the Director's briefing book for his hearing next week, and a closed hearing is scheduled next Wednesday [redacted]

(S) [redacted] Could you review attached [redacted] and provide any comments (i.e., point out factual errors; statements which may be accurate but are based solely on supposition; statements which are only partially accurate because you now have more current or supplemental data; etc.).

[redacted] would I be able to send someone up to get a copy of the new info, or would you be able to email me?

1. Employment: [redacted] Al-Bayoumi's real name is Omar Ahmad Mustafa Al-Baoumi and he has been employed as an accountant at Civil Aviation Administration Headquarters since 1976. [redacted]

[redacted] Al-Bayoumi is an employee of the Saudi Ministry of Finance. (The Saudi government denies this claim)

2. Education & Financial Support: On his application for admission to a doctoral program at Case Western Reserve University, Al-Bayoumi stated he was employed by the Saudi Civil Aviation Administration (CAA) for 20 years and was the "Assistant to the Director of Finance, Contracts and Finance Control Division, PCA, Airways Engineering" of Dallah/Avco Trans Arabia Company (which is under contract to the CAA to provide aircraft operations maintenance). In 1995, Ercan Engineering, a San Diego subcontractor of Dallah/Avco, was asked by the CAA to provide financial support to Al-Bayoumi while he studied in the U.S. Ercan refused and was told its contract may be jeopardized as a result. Al-Bayoumi told NSY that the CAA pays him \$5,000 per month to study in England for his PhD. However, the Mabahith claims Al-Bayoumi is financing his own education. In a 1998 letter to Case Western Reserve University, the Royal Embassy of Saudi Arabia, National Guard Office, WDC, claimed that Al-Bayoumi was a candidate for a full scholarship from the government of Saudi Arabia.
